EXPERIENCE '82

LAURENTIAN UNIVERSITY
Sudbury, Ontario
Canada
1981-1982
Volume 1

Greetings

The Laurentian Experience combines a quality education with a lifestyle of friendliness and the Northern pioneering spirit. To date in the fall of 1981, the University has graduated 13,400 students who are making contributions in educational, social, commercial, industrial, cultural, and public areas. While there are representatives of our Alumni around the world, the majority have stayed in Northern Ontario and are contributing to the development of our region. Laurentian is a regional University, and we respond to that by directing much of our research, community services, and indeed our programmes to the particular needs of our area.

I am very pleased to see the students' yearbook reinstituted. I trust that it will keep many fond memories kindled: friendships made, experiences shared, knowledge gained, and insights established. I believe that as the years go by, you will increasingly recognize that your university years have been highly formative. One of Laurentian's unique features is our bicultural milieu, with its rich offerings of culture and opportunity for enrichment.

Une formation universitaire est une préparation à mode de vie, non seulement au marché du travail. En tant qu'individus, nous devons développer notre potentiel optimal. Notre rapport professeurs-étudiants facilite les relations personnelles étroites, et l'ambiance favorise la croissance individuelle.

Nous lançons une invitation toute spéciale à notre communauté francophone afin qu'elle aide à maintenir le même esprit de pionnier qui a mis en valeur les richesses du Nord et qui a développé le réseau de l'Université Laurentienne.

To all our students I wish success in all you undertake.

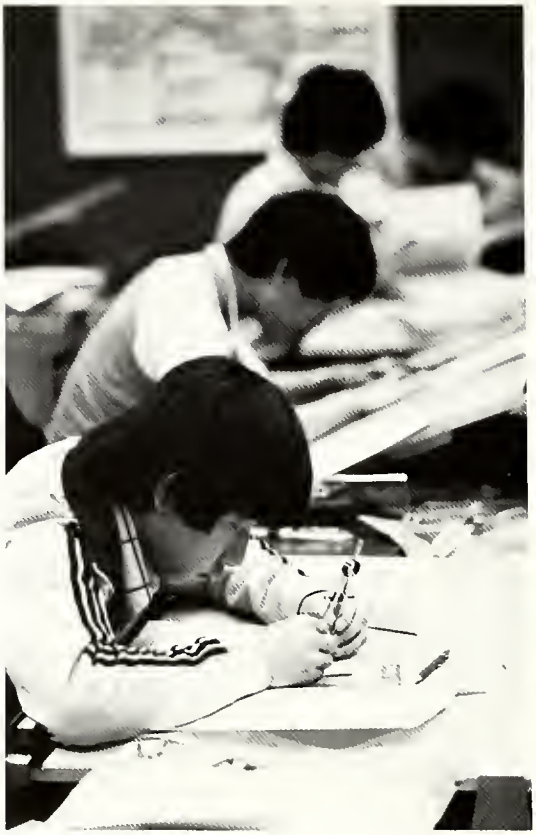
Bonne chance.

Henry B.A. Best
President/Recteur

What is the Laurentian Experience?

The Laurentian Experience is a learning experience. It is here that each one of us can develop to our greatest potential. Laurentian's small size offers a student/faculty ratio best suited for individual growth. Here, we have the opportunity of personal contact with our instructors, an opportunity that is rarely found in a larger university.

The Laurentian Experience is also a Northern Experience. In our unique setting we are able to preserve and promote both the English and French languages and cultures. Higher education at Laurentian will not only prepare the individual for the market place, but will also get them ready for a complete way of life.



Qu'est-ce que l'Expérience Laurentienne?

L'Expérience Laurentienne est une expérience d'apprentissage. C'est ici que chacun d'entre nous peut développer son potential au maximum. En raison de sa petite taille, la Laurentienne offre un rapport étudiants-professeur qui favorise la croissance personnelle. Ici, nous pouvons avoir des contacts personnels avec nos professeurs, ce que l'on retrouve rarement dans une grande université.

L'Experience Laurentienne est également une Expérience Nordique. Dans notre sutiation unique, nous sommes en mesure de conserver et de promouvoir les langues et cultures françaises et anglaises. Les études à la Laurentienne préparent non seulement les étudiants au marché du travail, elles les préparent à un mode de vie complet.

What is sport Experience?

At Laurentian our aim is to develop the body as well as the mind. We believe that a harmonious partnership of brawn and brains equals more than the sum of its parts. Physical development includes teamwork, rivalry and sportsmanship. Teamwork is an important component of athletic endeavour for only through cooperation can a team reach its goals. Comraderie and friendly rivalry stimulate personal achievement and lead to good sportsmanship.

Sports offer the individual an opportunity to represent Laurentian the personification of higher learning in the north. We consider the Sport Experience an integral part of the life at Laurentian.

Qu'est-ce que l'Expérience Sportive?

A la Laurentienne, nous visons à développer le corps aussi bien que l'esprit. Nous estimons qu'une association harmonieuse de muscles et d'esprit égale plus que la somme des parties. Le développement physique comprend le travail d'équipe, la rivalité et l'esprit sportif. Le travail d'équipe est un élément important du sport car seule la collaboration permet à une équipe d'atteinder ses objectifs. La camaraderie et la rivalité amicale stimulent la réussite personnelle et engendrent un bel esprit sportif.

Les sports offrent à l'individu la possibilité de représenter la Laurentienne, la personnification de l'enseignement supérieur dans le Nord. Nous considérons l'Expérience Sportive comme une partie intégrante de la vie à la Laurentienne.

Board of Governors

The Board of Governors of Laurentian University is composed of twenty-four voting members and representatives from the faculty, the student body, the support staff and the alumni. The diversity of the region, which the University serves, is exemplified by the varied backgrounds, geographic locations and cultural heritage of its members.

The committment of the Board to the standard of excellence, which is expected of a University and which is shared by the Laurentian community, is of paramount importance.

The Board looks forward with optimism and enthusiasm to the many exciting challenges that the University will face in the nineteen eighties.

Frank Clumpus

SENATE

The Senate is responsible for the educational policy of the University.

In this regard the Senate may create faculties, schools, institutes, departments; may also create faculty councils and committees which recommend to Senate regulations respecting the admission of students, courses of study, academic regulations, and requirements for graduation.

Additionally the Senate has power to deal with matters that arise in connection with the award of fellowships, scholarships, medals, prizes, and other awards; to confer degrees that may appropriately be conferred by a University; and to make rules and regulations for the management and conduct of the library.

A CAREER AS A CHARTERED ACCOUNTANT

Clarkson Gordon, a Canadian firm and member of Arthur Young International, has for many years provided strong leadership in training individuals as CAs. We hire more university graduates training as CAs than any other accounting firm in Canada. Our size and reputation is significant.

At Clarkson Gordon our approach is innovative, aiming to provide our clients with the best service possible using the most up to date methods available to the profession. To maintain our leadership role, we devote substantial resources to our professional responsibilities. Our partners have authored today's major accounting and auditing texts; such as: Rod Anderson's "The External Audit", Ross Skinner's "Accounting Principles – A Canadian Viewpoint", Don Leslie's and Rod Anderson's award winning "Dollar Unit Sampling" to name a few.

Congratulations Laurentian University, for your continued growth over the past ten years. This continued growth has also been recognized by Clarkson Gordon in the increase of students hired. Over the past four years 25 Laurentian graduates have joined Clarkson Gordon.

Laurentian Soccer Vees enjoyed one of their best season ever in 81-82. Their season record of 6 wins, 1 loss and 3 ties gave them the OUAA (Ontario Universities Athletic Union) league title.

Post-season OUAA championship play was the Vees victorious over the Laurier Golden Hawks in the semi-finals and the Waterloo Warriors in the final. It was the Soccer Vees fifth OUAA title.

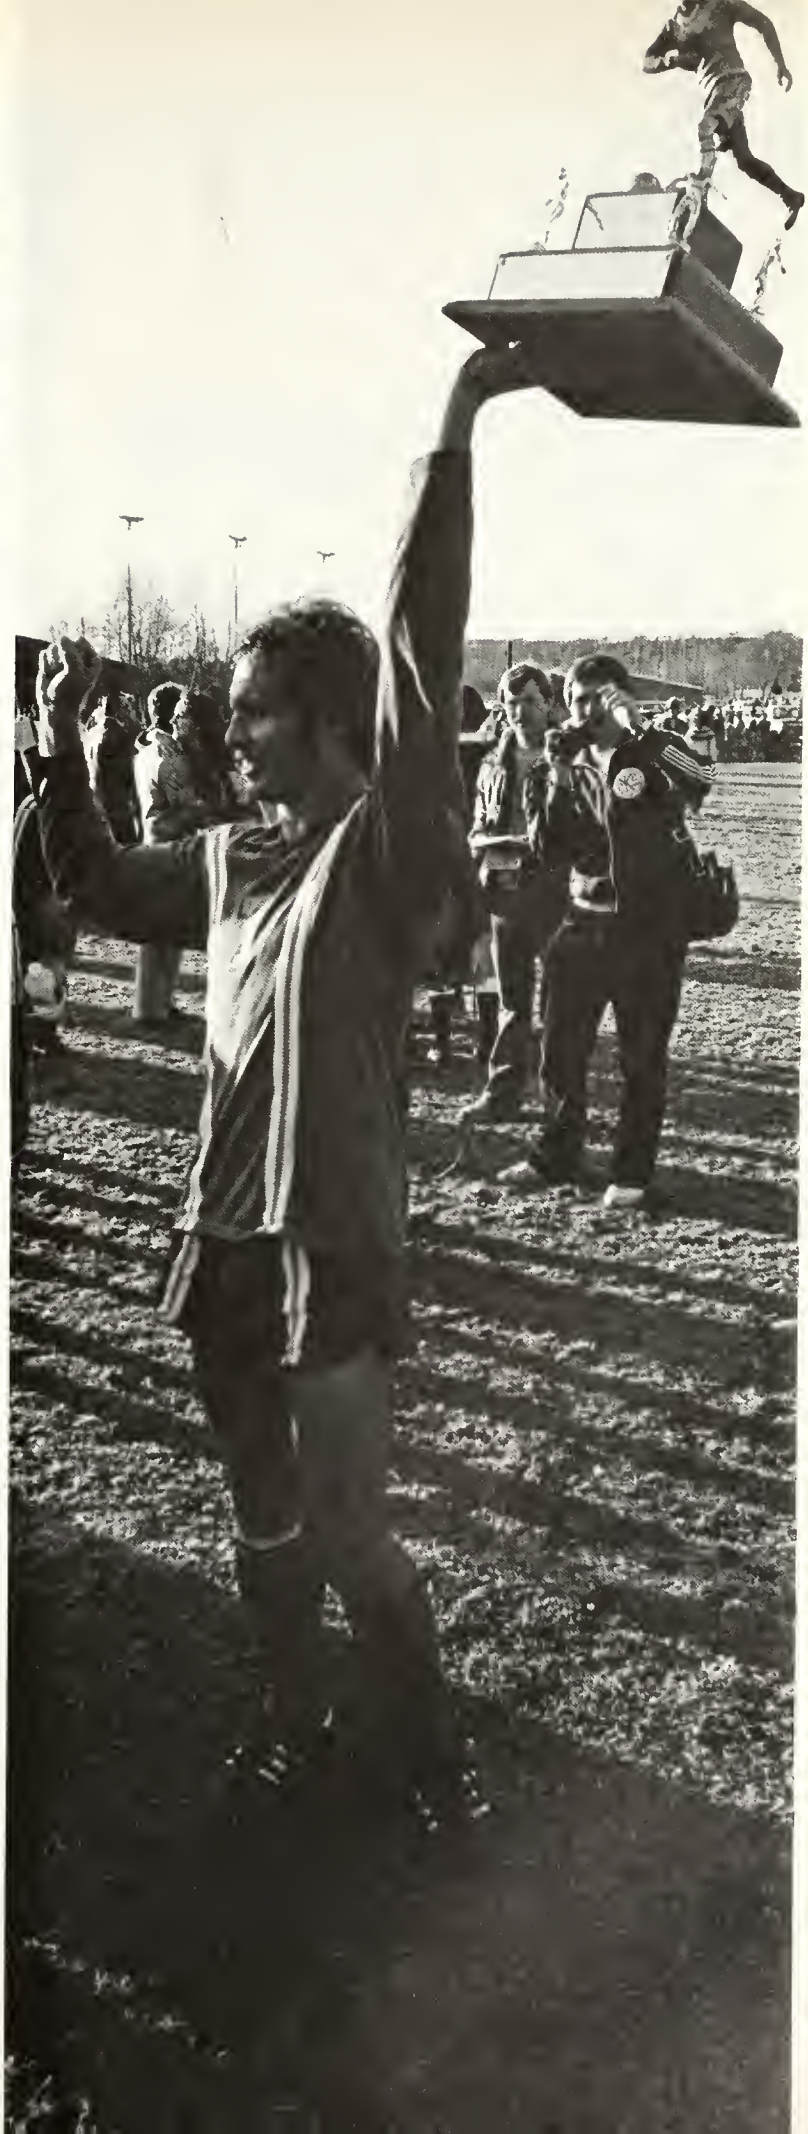
The OUAA championship launched the Vees into the CIAU (Canadian Intercollegiate Athletic Union) semi-final in Edmonton where they lost a close game to the Alberta Golden Bears, 1-0. We'll show them next year!

All the players gave exceptional performances and several were selected to the first and second OUAA all-star teams. Lane McAdam, Keith Bridge, Peter Pinheiro and Barry Hackett were chosen to the first team while Craymer Forth was selected to the second team. Barry Hackett was on the CIAU first all-star team while team mates Keith Bridge and Peter Pinheiro were selected to the CIAU second team.

Greg Zorbas, a veteran coach, guided the Vees throughout their play earning the OUAA as well as the CIAU title of Coach of the Year.

Front row left to right, Ray Hunt, Scott Young, Gary Howe, Claude Filion, George Gerasimchuk, Rob Gallo, Rob Mactaggart, Bill Shrabek, Keith Bridge. Second row, Greg Zorbas, Peter Pinheiro, Wendy Hampson, Brian White, Craymer Forth, Clive Stephenson, Bob Koczulab, Liane McAdam, Marten Wigstol, Alex MacGregor. Absent: Marc Le Bourhis, Barry Hackett.

Soccer

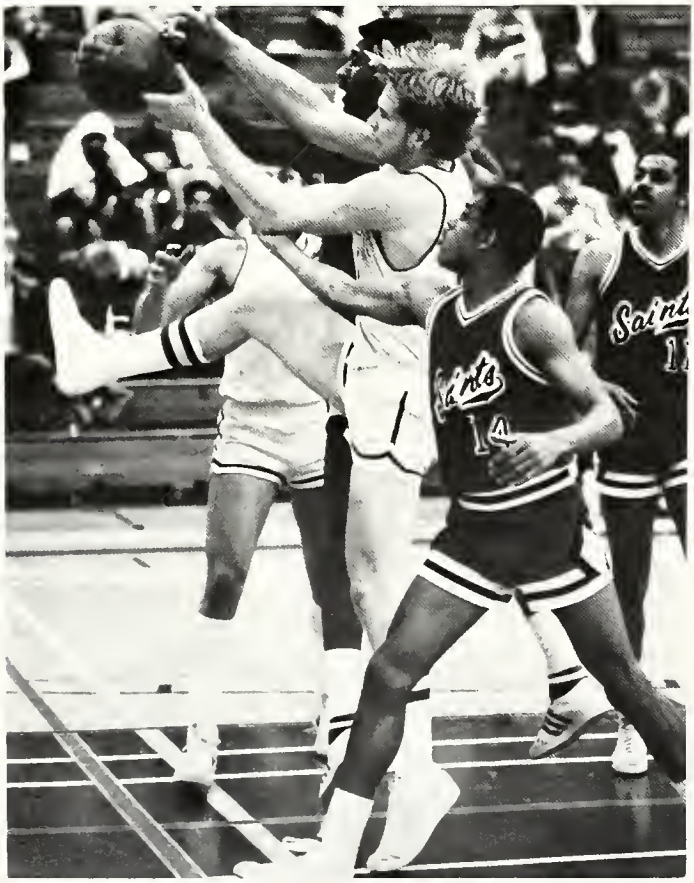


Men's Basketball

A former Laurentian player himself, coach Mike Heale has begun to see the results of his support of Northern Ontario basketball in the form of a much more competitive team. Led by Brian Skeoch (6'10"), and forward Dave Burden, the team has given basketball powers Toronto and York a very tough time.

At the prestigious Narsmith Tournament, at Waterloo, the Voyageurs finished an impressive third. Again this year, the team was in the playoffs.

Front row left to right: Dick Pawlowicz, Don Jones, Eddy Picco, Michael Sheridan, Andrew Barbeau, Diege Favero. Second row: Mike Heale, Jeff MacRae, David Clements, William Woitowich, Brian Skeoch, Dave Burden, Mike Mulvihill. Absent: Greg Johannes.



Women's Basketball

Definately Laurentian's number one team this year, the 1981-82 women's basketball team was led by probably the best guards in the league, Linda Palango, Debbie Knowles, and Joy Bellinger. The women lost only one league game and finished first in the East division and hosted the Ontario Finals.

Laurentian's outstanding forward Barb Tucker was an all star at both the Regina and Saskatoon tournaments. The team is in a favourable situation for next year as only two players will graduate this spring.

Women's Basketball team
First row left to right, Linda Palango, Peggy Smith, Joanne Drake, Franca Ingribelli, Debbie Knowles, Marion Waschulzik. Second row; Peter Ennis, Donna Zirojevic, Sandy Clubb, Debbie Davies, Barb Tucker, Joy Bellinger, Angie Tekoniemi, Charlotte McKinty

Men's Volleyball

The 1981-82 Voyageurs are in the second year of a rebuilding programme which is aimed at reclaiming the OUAA championship won in 1976. The Vees' playing strategy features speed and deception. A unique feature of this team, consisting almost totally of Northerners, is their height. Ours is the tallest team in the league.

The future looks bright for the Vees, as they lost only two players to graduation this year.

First row left to right, Rob French, Joe Pitzel, Jeff Bredin, Mark Johnston, Vance Jones, Peter Jurenovskis. Second row, George Adorante, Paul Greco, Richard Veilleux, Barry Bauer, Perry Lariviere, C.E. Lefroy. Absent, Arnold Stirajs, Gilles Kingsley.

Women's Volleyball

Coach Chris Dussault's volleyball team suffered a bit from lack of experience, as only six of the fourteen players were veterans. The 1981-82 team barely missed the playoffs after steadily improving all year. Only one player will be lost to graduation and it is hoped that the now experienced unit will do even better in 1982-83.

Women's Cross Country Running

A dedicated womens team represented Laurentian this year. They found their only weakness to be their small number; five.

At the OUIAA championships, held at Laurentian, Veronica Poryckyj finished in third place. This qualified her for the Canadian Championships but, due to health reasons, Veronica was unable to compete.

Strong performances by rookies Susan Nordman and Maureen Jordan indicate a strong team returning next year.

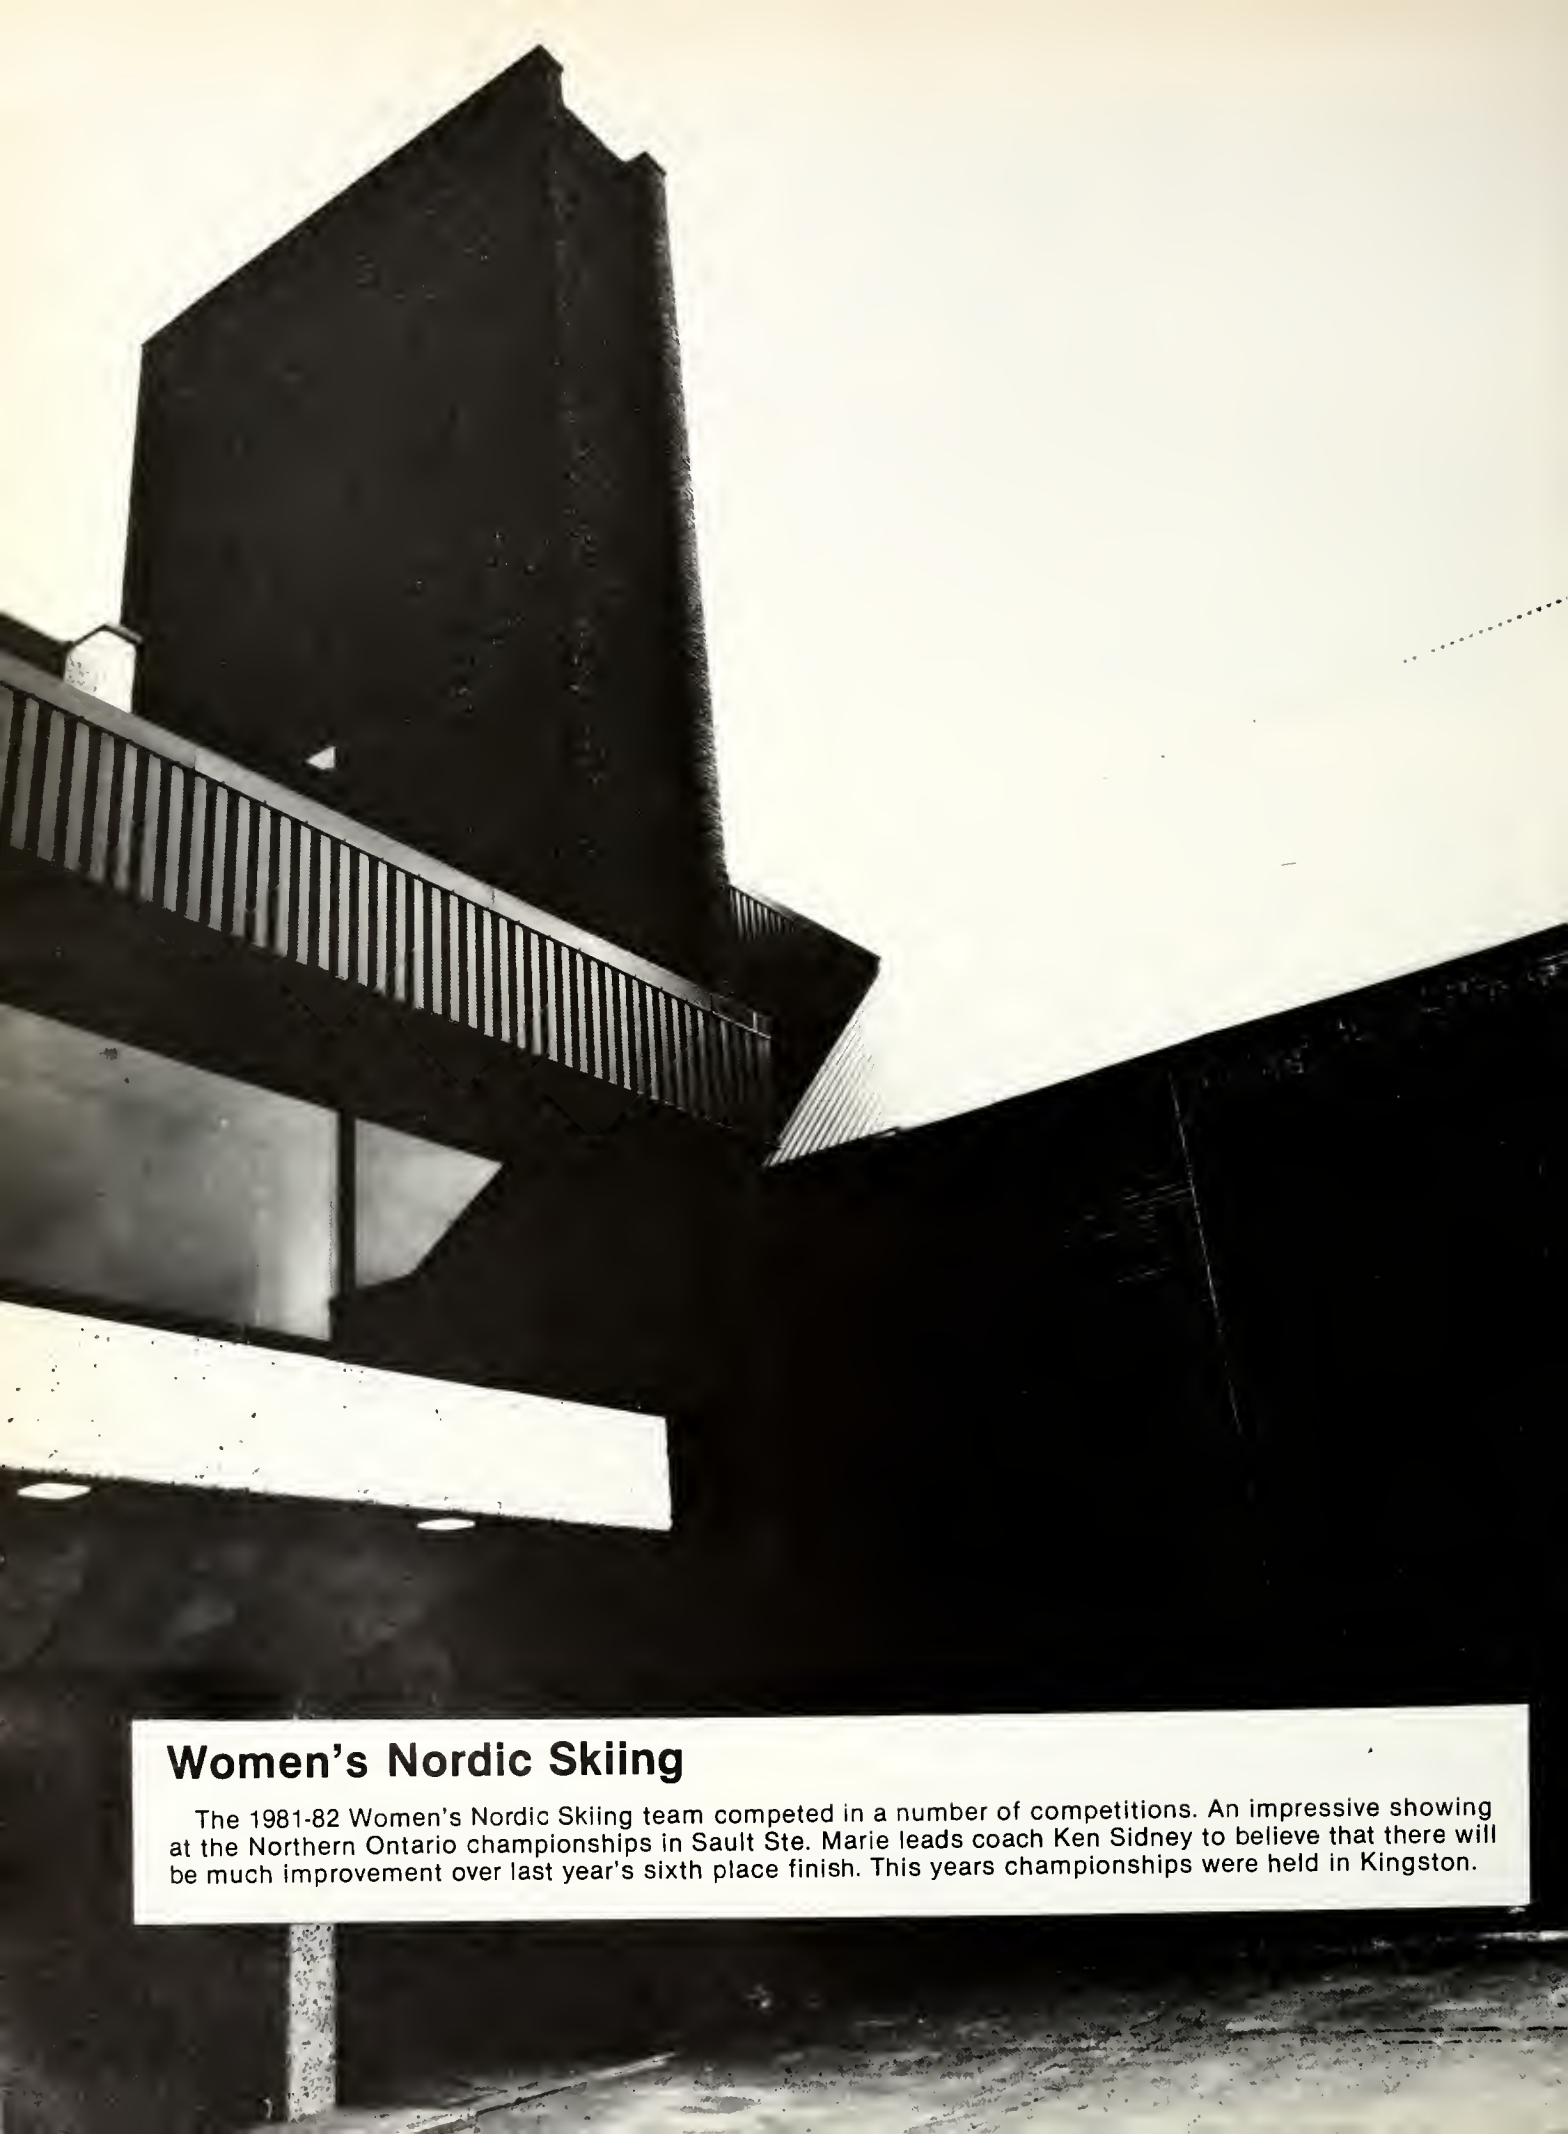
First row left to right: Tara Powers, Veronica Poryckyj, Maureen Jordan, Mary Ellen Lanteigne, Sue Nordman.

Men's Cross Country Running

The 1981-82 team showed a strong improvement over last year's team. Ray Paulins and Bruce Wainman finished first and third at the OUIAA championships and led the team to an overall Ontario second place finish. The team was among those chosen to represent Ontario in the CIAU finals in Lethbridge, where they placed well.

The team will remain strong next year as they will lose only two players to graduation.

First row left to right: Greg Riddoch, Richard De La Riva, Marcel Boudrequ, Bruce Wainman, Ted Harvey. Second row: Mike McPhail, Ken Vuoresrija, Johnny Jain, Rick Carleton, Greg Bale, Erik Gaarder, Ray Paulins, John Gallien, Pat O'Sullivan.



Women's Nordic Skiing

The 1981-82 Women's Nordic Skiing team competed in a number of competitions. An impressive showing at the Northern Ontario championships in Sault Ste. Marie leads coach Ken Sidney to believe that there will be much improvement over last year's sixth place finish. This years championships were held in Kingston.

Men's Nordic Skiing

Last year the Men's skiing team totally dominated the OUAA finals, finishing first, and placing six skiers in the top seven. At the time of printing, prospects looked just as good for the defending champions.

This team is truly a Canadian team with members from as far away as Nova Scotia and British Columbia.

Women's Track and Field

The 1981-82 season was divided into two parts, the indoor and outdoor.

Tara Power was Laurentian's female Athlete of the Month in September. High jumper, Hilda Postenka and Virginia Stortini turned in many excellent performances. At the OWIAA finals the women placed fourth, an improvement over last year's seventh place finish. Tara Power set a number of Laurentian records, including the 800 metre and 400 metre.

The women were equally impressive during the indoor season, and placed highly in all competitions.

Women's Curling

The 1981-82 curling team, coached by Carol Chambers, competed for much of the year in the Sudbury Curling League. However, they entered two out-of-town bonspiels.

The team finished fifth in their division; just missing the playoffs. Next year they hope to do better, when Laurentian hosts the finals.

Men's Gymnastics

Laurentian returned from a short absence, in the gymnastics field, to be represented by a small but talented team. The team, led by Walter Quigley, a junior national team member, had a short but successful season, and placed well.

Men's Badminton

Another sport which returned to Laurentian for 1981-82 season was Men's badminton. Coached by Wendy Jerome, the team turned in an admirable effort and had two players, Mark Tremblay and Nick Bogias, qualify for the OUAA championships. The two were unable to attend, but this should not jeapordize their chance to compete next season.

Women's Field Hockey

The 1981-82 field hockey team featured four rookies and nine veterans. With this mix of players the team finished a respectable sixth in the OWIAA.

One of the highlights of the season was an exhibition series against two Boston area teams. Playing on the artificial turf at Boston University was a new experience for many of the women. Forward Cheryl Spotswood was named October Laurentian Athlete of the Month. Rookie Jackie Balleny was asked to tryout for the provincial squad.

Coaches Pat Pickard and Myrna Kullas will definately feel the loss of five players at graduation; however there are high expectations for next years team.

DUCE

Men's Hockey

Jack Porter returned for the third time as head coach and restored a bleak-looking team which had missed the playoffs for the first time in Laurentian's short history.

The 1981-82 team was plagued by injuries that the team could barely overcome, and the Voyageurs will lose seven players to graduation, including Captain Norm McCauley and assistant coach Tim Heale. With some recruiting and the returning members, the Voyageurs will be back in full force next year.

First row left to right, Rick Brown, Marty McInnis, Cam Campbell, Tim Heale, Moe Bartoli, Jack Porter, Norm McCauley, Ivan Zanatta, Mike Lawlor, Gary Winch. Second row, Gary Costello, Robin Chuipka, Geoff Ward, Scott Thompson, Larry Burns, Martin Trainor, Dan Hreljac, Frank Couture, Dave Lutes, Rob Sargent.

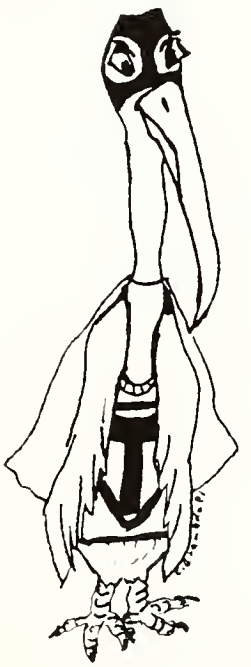
Residence

HUNTINGTON RESIDENCE

Huntington College, named for voyageur Silas Huntington, was opened in 1964. The residence building houses Lautenslager Hall, the social centre, and the Tate Library.

THORNELOE RESIDENCE

Thorneloe College, sponsored by the Anglican Church of Canada, is the smallest residence on campus. Several Thorneloe residents have taken on the task of organizing student affairs and social events at the college. The most unique feature at Thorneloe College is St. Mark's Chapel, where weekly services are held for all students.



The University of Sudbury College Residence is a Catholic institution. Those students living in the Matte residence are considered legitimate members of the college, even if they are enrolled in professional schools.

The residence council represents students living in the residence and organizes many social events. These events included dances, pubs, films and other cultural activities.

UNIVERSITY OF SUDBURY RESIDENCE

SINGLE STUDENTS' RESIDENCE

Single Students Residence at Laurentian offers apartment-style living for university residents. The residence building houses Student Street, where many services, including a grocery store, an employment office, and a hairdressing salon, are located.

Social events are organized by the students themselves, who promote a sense of cooperation and fellowship that makes Single Students' Residence a unique place to live.

UNIVERSITY COLLEGE RESIDENCE

University College is a non-affiliated, dormitory-style residence. The U.C. council and committees organize many social events and stage numerous sports and games as part of the intramural sports programme.

Faculty and Staff

Staff and Faculty at Laurentian University

In this section we tried to include every individual who works at Laurentian. Unfortunately, it was impossible to include everyone. For this, the Yearbook Committee must apologize, as we are aware of everyone's contribution to the workings of the university, and the countless hours spent by faculty and staff. If you were missed, we can only say we are sorry that you could not be included in this section.

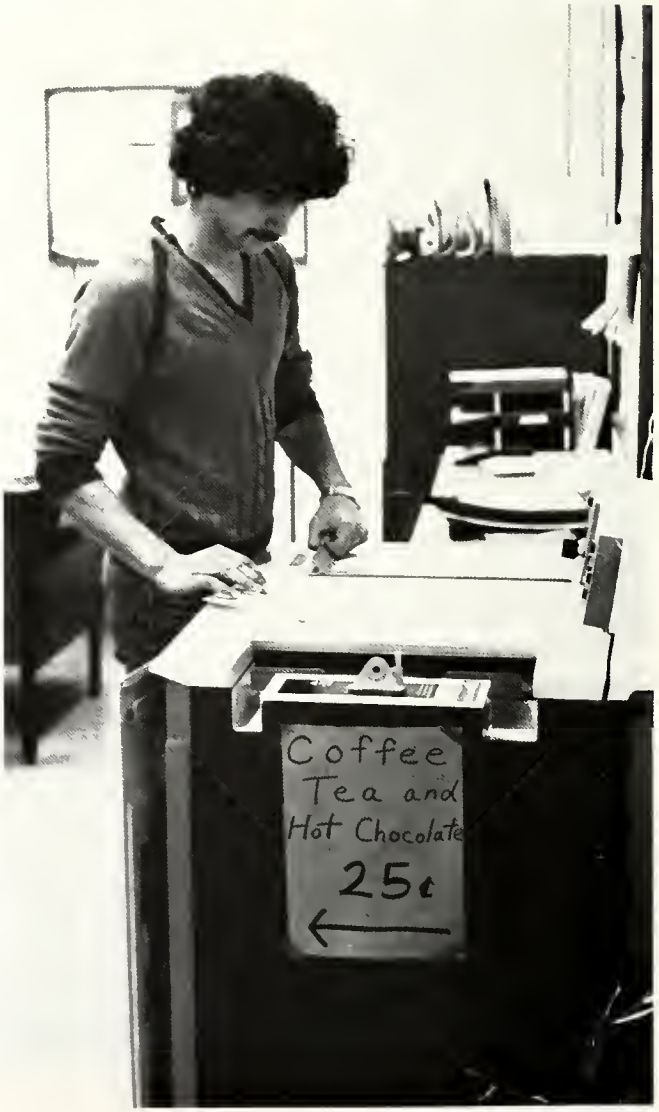
Clubs and Organizations

Association for Laurentian Part-time Students

The Association for Laurentian Part-time Students, formed in 1969, is concerned with the relationship between the University and the part-time students enrolled. A.L.P.S. provides a regional forum for the discussion of matters relating to Laurentian Part-time Students; maintains active liaison with either groups and organizations; and conducts studies related to University part-time students' activities. A.L.P.S. also represents part-time students on the governing bodies of the University.

First row left to right, Engeline Baas, Betty Ann Savebrei, Elsie Kassatz, Laila Vinuze.



L'Association des Etudiants Francophones

The A.E.F. council represents those Francophone students enrolled at Laurentian. The association organizes the social events during the year, including dances and Winter Carnival events. The work of the A.E.F. helps maintain a respectful attitude and a feeling of cooperation between Anglophone and Francophone students.

First row left to right, Denis Laforge, Robert Beaudry, Celynne Dorval, Lise Beaudry, Lynne Lajeunesse, Nancy Welsbrod. Second row, Clarence Potvin, Michel Lavole, Daniel M. Chevrefils, Pierre Dubois, Marcel Vaillancourt.

LAMBDA

Lambda is a student-run, student-operated newspaper. It strives to keep the Laurentian community informed about what is happening around campus throughout the academic year. Lambda is now in its twentieth year, and is published weekly. As a member of the Canadian University Press, it maintains contact with other university and college student newspapers across the country.

Left to right; Josie Calabrese, John Sturtridge, Carolyn Gaunt.

LAMBDA

In the midst of an on-campus fire alarm at least one car has this year been towed away from in front of the gates leading up to Married Students' residences. The weapon is not a new firearm; rather, it is a City of Sudbury by-law dealing with the blockage of fire routes. After the proposal was passed by the city council, Laurentian University security officers were given the authority to enforce the by-law on campus.

Until now, the only option open to security officers when vehicles are blocking fire routes and are a severe hazard. This year the problem will be met with the use of a new tool in the university security's arsenal.

ticket that students (and others) have been gleefully tearing up and forgetting. It is because of the failure of this first option in the past in producing results, that options two and three are now available.

Rather than the university ticket, security officers may place the by-law ticket on the offence and will be fined.

The third option open to security is that of simply having the vehicles towed away. It will cost money to get them back.

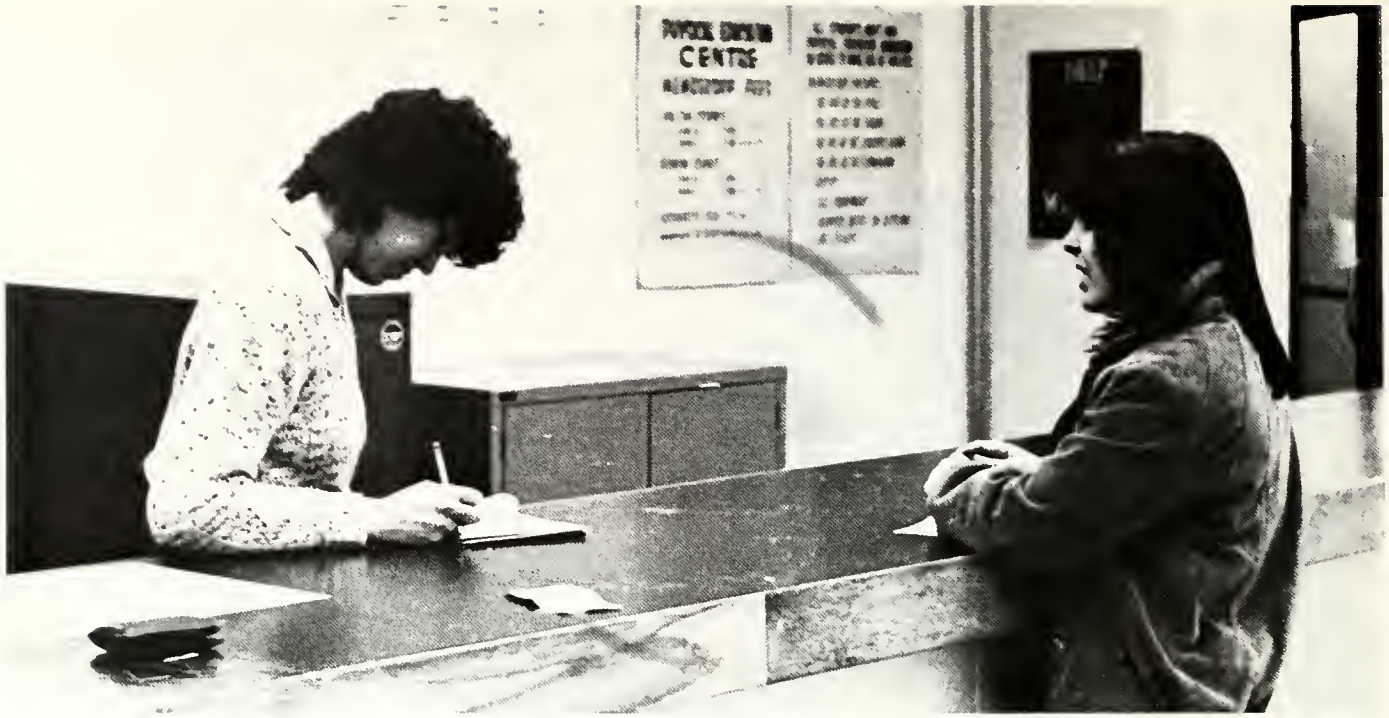
"It's a judgement call, Norm Raiche, head of Security commented, "but if it's in the the silent hours'[**late night and early morning**] there's not much not, according to Raiche, include returning from grocery shopping.

The gate, Raiche notes, does not present a hazard by preventing fire department vehicles from reaching the upper residences because there is an arrangement with the fire department by which that department of the Laurentian force. The new tickets, however, will be turned over to the By-law Enforcement Officer should they not be paid on time. □

Commerce Council

The Commerce council is one of the largest student-run organizations on campus. The organization represents all students studying Commerce and is instrumental in planning most of the events at Laurentian. At the head of this year's council was Don Garioch, a graduating student. Under his leadership the council planned many social events, academic activities, and donated to some charities.

First row left to right: Angelica Gohringer, Shelley Langlois, Don Garrioch, Gerald Hunder, Ron Greasley. Second row: Pat Rocca, Paul Wagner, Chuck Lilly, David Bronicheski.



Physical Education Council

The Physical Education Council runs the events within the Physical Education Centre. Every month the council plans a new event. The council also represents students registered in physical education programmes in matters which concern the University.

Geology

Chemistry Club

The Chemistry club is not very formal but it adequately represents chemistry students. Along with organizing Christmas, year-end and Halloe'en parties, the club keeps the students informed and seed to student needs. The Chemistry club provides lab coats and operates seminar room for the students.

First row left to right: Nick Mihalic, Susan Certossi, Sharon Keller, Branka Mehes. Second row left to right: Brett Williamson, Christian Choquet, Bruce Powers, Hillary Lamontagne.

First row left to right, Shivendra Sahi, Akhter Syed, Suzele Jambakshs, Reza Hambakhsh, Lowell Morris.

INTERNATIONAL STUDENTS' ORGANIZATION

The International Students' Organization is a small group, with members from many different parts of the world. Their office is on Student Street and they meet regularly to welcome new members and to plan social events, such as sports tournaments and parties.
A main event for the I.S.O. was an International Day, with an International Food Fair, and a dance during Carnival Week. Affiliated with the I.S.O. is the Cambrian Students Association and the Vietnamese Students Association.

First row left to right: Mike Lafleur, Lois Stewart, Ruth Nelson, Lois Snell, Klaus Reuper.

LAURENTIAN CHRISTIAN FELLOWSHIP

Laurentian Christian Fellowship is a group of Christian students who meet in the Huntington Chapel. The group serves two purposes: to witness Jesus Christ as God in the flesh, and to strengthen the spiritual life of members and others of the community by study of the Bible, prayer and fellowship. The Word is spread through dinners, concerts, movies, a singing group and volunteer work done in hospitals and homes.

Student Security

Student Security is a group of Laurentian's own students. They are hired to ensure the smooth progress of all the university's social events.

First row left to right, Janine Macey, Perry McKinny, Sheila MacLeod, Maurice Falcioni. Second row, Bruce Faddis, Elaine Taillefer, George Gerasimchuk, Scott Lund.

GAMES ROOM

The games room is a recreation spot where students can play pool, ping-pong, and pinball. The games room is sponsored by the S.G.A. and is located on Student Street. It is a great place to relax.

First row left to right, Vicki Townley, Doreen Book, Lorraine Clark, Second row left to right, Elizabeth Verrydt, Vivienne Cameron, Brian Trevail, Karen Kesseler.

HISTORY SOCIETY

The History Society, thanks to the leadership of Brenda Bovine and Dr. D.K. Buse, is an active club on the university campus. Activities for the year include a series of historical films and a set of guest lectures. The Christmas and Year-end parties rounded out the school year.

Front row to right, Brenda Boivin, Vivian Masters, Merry Moore, Sharon Kaye.

THE BIOLOGY SOCIETY

The hard-working Biology Society sponsors many social events; including weekly volleyball games. For several years, the ski trails in the Nickel District Conservation area have been maintained by the Biology Society. All revenues brought in are used to help further the work of the Biology society.

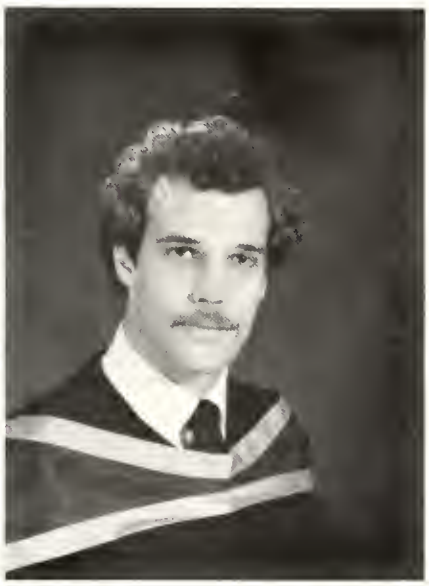
ECONOMICS ASSOCIATION

The Economics Association is a highly active student group. The group organizes many social activities, the favourite being the Economics Pig Roast. The association sponsors guest lectures and student election. This year's President was David Petryna.

First row left to right; Lionel Rouleau, Lynn Kilby, Maurice Falcioni, Dave Petryna, Anthony Zlaahtic, Guy Rochon.

Special People

Although the Yearbook started with a large staff, it was necessary to ask other members of the University to help us. To these people we say "Thank You".
The work of Gisele Pageau was very important in the production of the Yearbook. She and her husband, Mike, put in many hours of their own time to see the completion of our book. Without their knowledge and assistance we would not have this Yearbook.
The Department of Communications and Development made a generous donation to the Yearbook fund, as well as providing typesetting services at no charge. Jean Baxter's advice was very helpful to the Editor.
Bruce Anderson, besides providing all the good looks, wrote the pieces in the sports section. His style and eloquence in writing added an extra dimension to the Yearbook.
Brian Hart deserves a round of applause for his excellent photography. The pictures are the most important part of the book, as they comprise the memories. This publication would not have been possible without the work of Brian, Rod MacLeod and Dan Cluff. The three of them put in many overtime hours to produce the beautiful pictures seen in this book.



Social Worker's Council

The School of Social Work Student's Council, led by Gianni Vigna, believes that a student association has responsibilities to its electorate as well as the Laurentian community as a whole. The group works hard at meeting both of these important tasks. The council plans social activities and aids the students in finding placement opportunities and straightening out academic problems.

First row left to right: Steven Kugan, Sherry Waghorn, Gianni Vigna, David Wilson.

TRANSLATORS' STUDENT COUNCIL

Le conseil des étudiants de l'école de traducteurs est l'une des rares associations à caractère bilingue. C'est-à-dire que nous avons des représentants anglophones et francophones et qu'il leur est possible de s'exprimer dans leur langue préférée durant les réunions.
The school of translators' student council is one of the university's rare bilingual associations. This super team of students, mostly girls, organizes many of the main social events of the year. The council also serves as a medium between students and other associations at Laurentian University.

First row left to right: Heather Hopper, Dana Su, Guilia Fierini, Linda Paul, Lucille Béland. Second row left to right: Jacquie Stephens, Ines Kopic, Ria Bestfather, Larry Rooyakkers, Lois Stewart, Chris Barr. Absent: Aline Szymczak, Rita Waller, Kim Andrus, Janet Broder.

LAURENTIAN'S PHYSICS ASSOCIATION

The Laurentian Physics Association was formed by the students. The association presents seminars on topics of public interest and offers free tutoring for students. The association is actively involved in planning school social events.

First row left to right: Emélie Lamothe, Daniel Cluff, Rod MacLeod, Doug Maenpaa.

Laurentian University Psychology Association

The Psychology Association, founded only one year ago, is a highly active organization, and has enjoyed a rapid growth in memberships.

One of the innovative tasks of the club is compiling a list of summer jobs which are particularly suited to students of psychology. The club also holds bear-pit sessions, at which all students may talk and air opinions about psychology courses and/or professors.

Left to right; Beth Jennings, John Gould, Mary O'Brien, Rick Harrison, Claudette Larcher, Bill Lee.

POLITICAL SCIENCE CLUB

The Political Science Club is a small organization. The members meet to plan social events. The group also involves themselves in various political activities. They are an ambitious group, and can be found making activist ploys in the hallways at lunch hour.

First row left to right: Ric Martin, Loulse Proulx, Bryan Evans.

CAMPUS SECURITY

The group of men who make up campus security are reliable and hard working. With their help Laurentian University maintains a peaceful, easy-going atmosphere.

First row left to right, Rolly Robidoux, Ted Monette, George Doolittle.

Norm Raiche.

S.G.A. Council

First row left to right: Vicki Johannes, William Scott, David Bronicheski, Richard Demarco, Don Garrioch, Randy Hubbard, Joanne Hunt, David Webb, Amanda Watson, Nancy Weisbrod. Second row: Tom Kiley, Paul Wagner, Scott Broughton, Royal Senter, Ken Baillie, Mia Imnink, Maroi Cortis, Ria Bestfather, Jacqueline Stephens, Cindy Onofrio. Absent: Scott Lund, Joanne Goddard, William Bradley, Diana Zubac, Brian Isaac, Joanne Kaashoek.

Students' General Association

The Students' General Association is the main student association at Laurentian University. In addition to providing a variety of social functions, the SGA involves themselves in political concerns at the university. The SGA currently has five positions on the senate of the university and one representative on the Board of Governors.

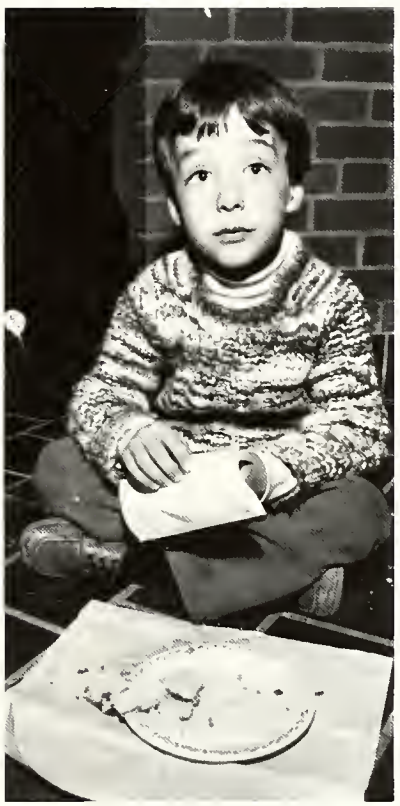
Laurentian Celebrates 20 Years



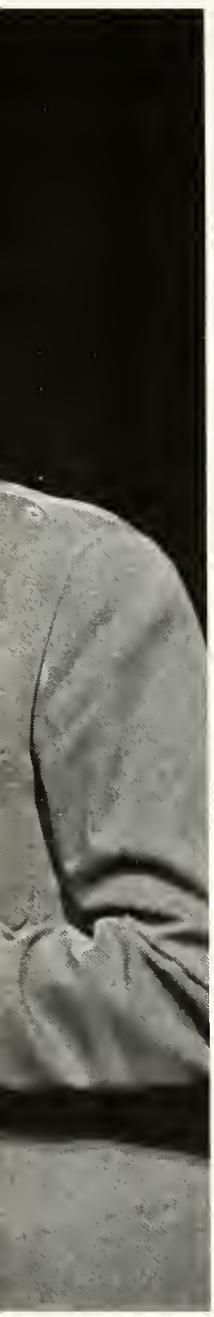
After fourteen months of celebrating the university's first two decades of service to the Sudbury area Laurentian brought the events to a close with an afternoon of birthday celebration held on October 25.

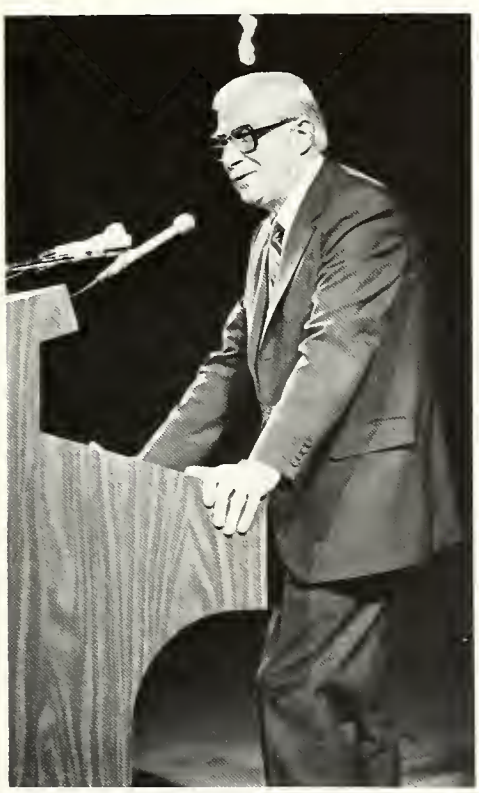
Both children and adults participated in the fun-filled day of events. One of the highlights was a forty foot birthday cake which Dr. Best, the President of Laurentian, sliced with the assistance of several students.

Events such as a Modern Languages Department Quiz, shows in the Doran Planetarium, demonstrations of new library technology to show the university's microfiched catalogue and computerized data search terminal and tours of the Science and Engineering and computer centre all took place during the afternoon.

PUBNIGHTS

Every university has its popular spot. At Laurentian it's the Voyageur Pub. The Pub is the place to go for a quick game of pool, a romantic turn around the dance floor, or to watch one's favorite sport on the oversized television screen. Many lasting friendships have begun in the Pub. A night in the Pub provides the perfect opportunity for Laurentian's students to relax and get better acquainted.





Falconbridge Lecture Series

Internationally renowned economist and author Dr. John Kenneth Galbraith started off Laurentian's 1981-1982 Falconbridge Lecture Series. He was followed by Mr. Alfred Rouleau, Past President of the Mouvement Desjardins, and the Honourable Joseph Smallwood, former President of Newfoundland.

The Falconbridge Lecture Series began in 1978 and there have been from three to five lectures each year. The series is financed from a memorial fund established by Falconbridge Nickel Mines Ltd., and supported by private donations to bring to Sudbury eminent figures from academic circles, business, public life, the professions and the arts. Laurentian students thus come in contact with some of the greatest minds in the world.

THE CNIB FUND RAISER

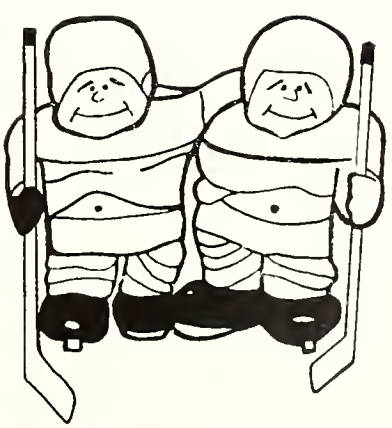
During the early months of the 1981-82 term the Students' General Association organized the annual CNIB fund raising drive and dance. The students' efforts this year were very rewarding and more than 800 dollars was raised for the organization.

Special thanks goes to the S.G.A., the School of Social Work student council, and the School of Commerce student council, for their generous donations.

The 12th Annual SPAD Hockey Tournament

The SPAD Intercollege Hockey Tournament, co-sponsored by the Sports Administration Program and Labatt's Breweries, began in 1969 with an original entry of six teams. It has grown to its present form of 16 teams, representing 10 different institutions. It has become the most reputable intercollege hockey tournament in Ontario.

Of the four teams proceeding to the finals in this year's tournament, three were representatives of Laurentian University. Of those three teams, the S.S.R. Mudsharks and the U. of S. team won the championship and consolation trophies.



Halloween night - a haunting event

Many students may feel that the pub is no place for ghosts or sorcerers, but on Thursday, October 29, 1981, the pub was alive with spirits. 'Twas Halloween night, and the majority of students appeared in costume. You may remember sharing your table with the devil, stepping on a leopard's tail while dancing, having a conversation in pantomime or feeling that tingling sensation as death won yet another game of pool.

Vampires, sailors, cowboys and clowns, vikings, mice and a bumblebee as well as many unidentifiable monsters were on the loose that night. The fun continued into the witching hour, when presentations for best costume were awarded, and on until closing time, which brought an end to a haunting evening.

Students hold sit-in in the Library

On Wednesday, October 28, 1981, Laurentian students staged a twelve hour sit-in on the first floor of the Library Tower. The purpose? To protest the federal government's plans to cut funding for post-secondary education.

Bill Scott, president of the SGA said he doesn't think students at Laurentian or elsewhere in northeastern Ontario want the proposed cutbacks to take place "without our voices being heard".

The next morning, representatives from the SGA and the AEF (Association des étudiants francophones) formed a delegation to Queen's Park in Toronto where more than two thousand students were assembled.

Laurentian was the sole northern Ontario delegation present.

THORNELOE PLAYERS THE DIRECTOR'S VIEW

Though I have spent most of my working life as a professional actor and director, I have come during the last decade to gain more and more satisfaction from teaching and passing on my knowledge of theatre. I have long known and loved the sense of gratification that can be achieved in creating a theatrical production. It is a gratification that touches all my senses, all my thoughts, and leaves me wanting more and greater challenges. I've long believed that apart from sheer pleasure in achievement, the theatre provides its participants an unmatched opportunity to explore the boundaries of their own characters and the characters of the communities within which they live. It is my awareness of this opportunity to enjoy and learn to grow that I wish to share with others.

As a professional and as a teacher, I am often asked to describe the traits that I believe individuals must possess in order to become successful participants in the theatre. Most simply, I think they must be sensitive to the experience of being human. They must know, or at least wish to know, what makes people sad, angry, amazed, happy. And they must have a desire to recreate these emotions with care and respect. Like many directors, I see actors as empty vessels, as persons who never permit their own personalities to interfere with becoming another on stage. Actors wish only to be filled by the playwright's intentions in such a way that the audience sees only characters, not personalities.

To me, one of the greatest advantages of working with students in a University setting is that we are given relatively free rein to produce plays that might not be produced in a commercial setting. All good plays are important plays, but often the more important plays are not winners at the box office. I think the theatre has a moral obligation to enrich its public, not just to entertain or divert it. The theatre has the peculiar ability to challenge and comfort its audiences in a pleasant sort of way.

A CULTURAL OFFERING BY THORNELOE PLAYERS

On November 26, 27 and 28, the Thorneloe Players performed Thornton Wilder's play, "The Skin of Our Teeth" as part of Laurentian's cultural offerings to the community.

"The Skin of Our Teeth" is a play based on the theme that mankind always makes it through the disasters that plaque its existence but just barely. Wilder's humour and his warm affection for the 'family man', are much in evidence in this production. The play was directed by Bill Hart, and the cast was made up of fine amateur talent, drawn from both the university and the community. It included Ron Tough, Jennifer Robson and Janet Lagace.

"The Skin of Our Teeth" proved to be a superb play.

BLOOD DONOR CLINIC

This year's Blood Donor Clinic, held in the Great Hall, was a remarkable success. Numerous students came out to donate blood. The University is proud of the effort and spirit shown by its students.

UN PORTE-VOIX POUR LES ETUDIANTS FRANCOPHONES

Depuis plusieurs années existe l'Association des Etudiants Francophones. Vouée à la défense des droits spécifiques des étudiants de culture française ainsi qu'au développement des meilleures conditions possibles pour ses membres, l'Association travaille avec constance à la réalisation de son double-mandat qui est: services aux membres et pressions quand nécessaire.

L'équipe du conseil de l'AEF a été élue en Octobre 1981 et c'est avec dynamisme que nos élues et les divers comités s'affairent aux multiples aspects de travail qui incombent à notre Association.

En effet, passant des shéres d'activités socio-culturelles aux relations extérieures via la représentation des étudiants aux structures administratives Universitaires, etc.; il ne fait aucun doute que, basé sur l'apport bénévole des membres, la diversité de nos activités nous fait constamment accroître notre compréhension tant politique qu'organisationnelle face à la nécessité et la raison d'être même de notre association.

Il est d'ailleurs stimulant de constater qu'il y a toujours de plus d'étudiants qui apportent leurs contributions, aussi humbles soient-elles, à la réalisation de notre travail. Il en résulte que nous sommes en mesure de travailler sur plus de fronts à la fois.

Notre cetre culturel qu'est l'ENTRE-2 au local C-306 est à la disposition des membres de l'AEF et c'est un lieu francophone où il fait bon se rencontrer.

Enfin, qu'il s'agisse de la vie culturelle, des politiques gouvernementales, des programmes en français, des liens avec la communauté hors-campus, continuons le travail dans le sens qu'il a été entre pris et faisons de l'AEF notre porte-voix.

On nous demande souvent d'être de bons citoyens à part entière, et c'est justement ce que nous entendons être!

Bien vôtre,
votre président,

Michel Labois

EXIT

CONVOCATION

Convocation is always a special occasion. This year's ceremony was beautiful; the evening was perfect. The happy graduates will take home many memories to cherish forever.

WINTER CARNIVAL

The Winter Carnival, held annually, is breathlessly awaited by all students. Preparations begin early so that a wide variety of events may be presented.

Many clubs and organizations, including the S.G.A., the A.E.F., the School of Commerce Student Council, and the U. of S. Student Council, take part in planning the Winter Carnival.

EXIT

WINTER CARNIVAL

A number of contests were held this year. These included the Physics Ice-cream Eating Contest, beer chugging, tricycle racing, and snow sculpture contests.

The music of Sidewinder was featured in the Great Hall in the afternoons. The Great Hall came alive at night to the music of 'Trixie Goes Hollywood', 'Crawdad', and a local group, 'Spyre'. The feature band this year was 'Teenage Head'. The turnout was wonderful. Laurentian is renowned for its Winter Carnival spirit.

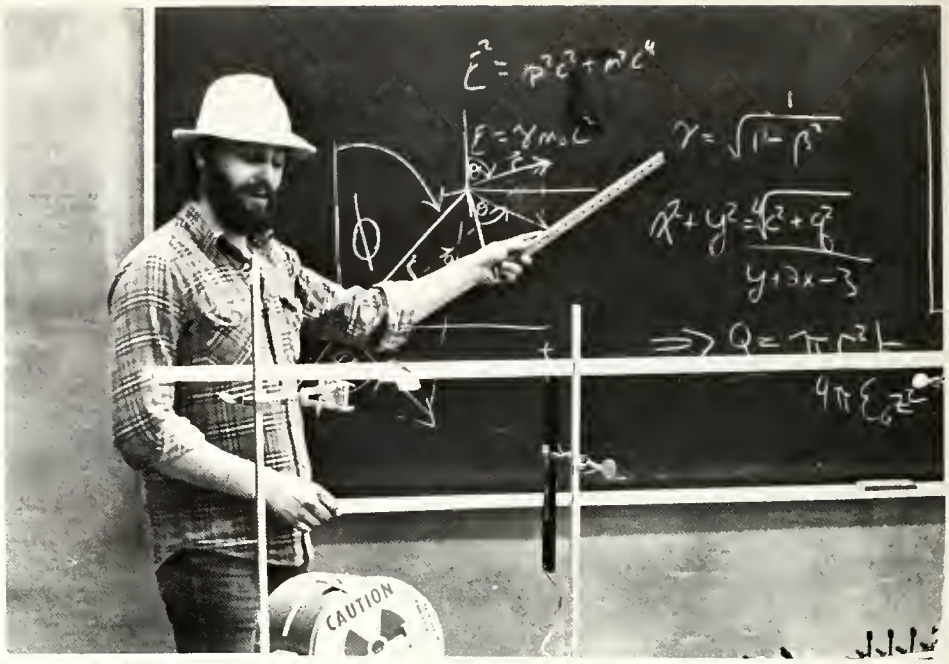
Yearbook Staff

Editor: Tanis McLeod
Layout Editor: Karen Kettle
Staff: Bill Scott, Mark Olivier, Tom Kiley, Rick Oslund, Leigh Graham, Mia Inmink, Betty Choi, Maurice Pelletier, Ric Martin, Bruce Anderson, Sue Wardrope, Sheila Sloan, Linda Van Derschaam.
Photographers: Brian Hart, Dan Cluff, Rod Macleod, Dave Moxam, Stephen Handke.

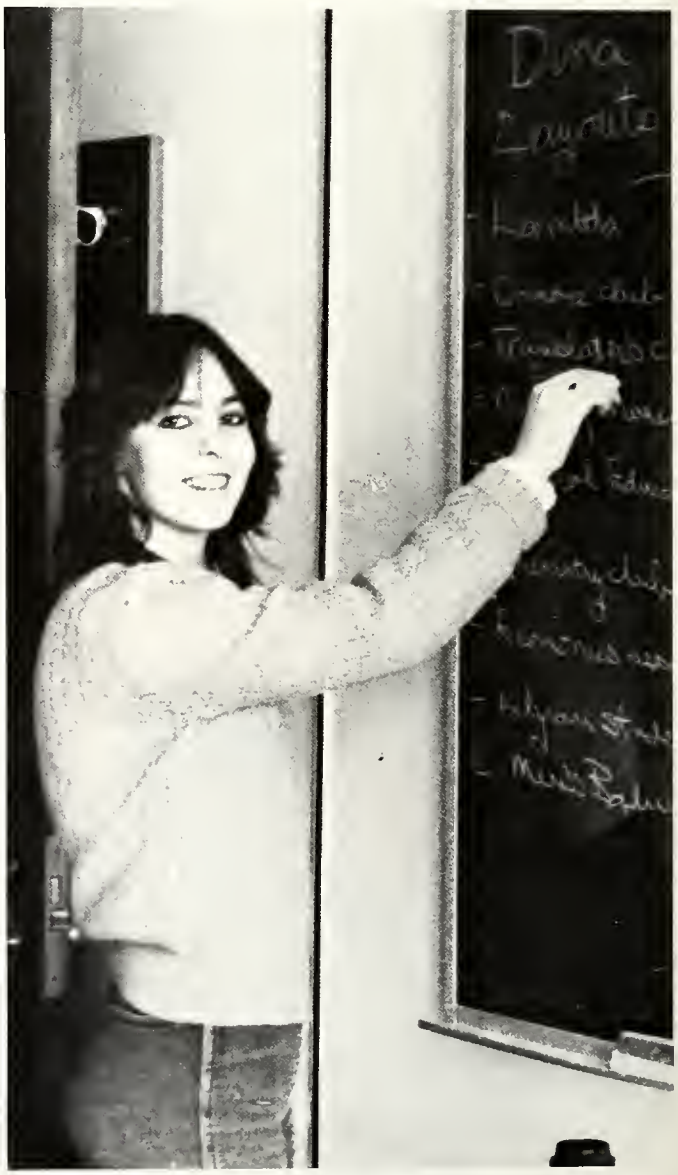


EDITOR'S MESSAGE

Producing 'Experience '82' proved to be a much larger task than this group of students thought; but, after a few 'growing pains', the yearbook was on its way.

This being the first yearbook in a number of years, we had to overcome a great many problems in establishing ourselves. We started late - we were disorganized - we fought - but the yearbook is a success. I must say 'Thank You' to those dedicated individuals who stuck to it until the end.

In future years, production will be much easier, and perhaps, more of the University's students will help produce a book that was once a cherished tradition, but has sadly been neglected for too long.



The year may end, but the Laurentian experience
is carried on in our minds and in our hearts. Good
luck to all the graduates and everyone - may this
year at Laurentian add another page to your book
of fond memories.

FALCONBRIDGE

Sudbury's world class Science Centre received a $1,000,000 donation from Falconbridge. Inset: Falconbridge's President H.T. Berry presents cheque to Science Centre President George Lund. Laurentian University President Dr. Henry Best looks on.

Sudbury means a lot to us

Falconbridge Nickel Mines Limited has been a reponsible developer of Canada's natural resources for more than 50 years. The history and growth of the company has paralleled that of Northern Ontario. Established in 1928 after many years of exploration in the Sudbury Basin, Faconbridge has become an important supplier of nickel to world markets and an important employer in the Sudbury region.

Over the years, Falconbridge has operated under the belief that it is just not good enough to take from the land; you must also put something back.

Falconbridge's Sudbury Operations has turned this belief into a major commitment. As a matter of fact, Sudbury Operations has established seven basic policies by which we live and operate.

Community

As part of that commitment, the people of Falconbridge believe in improving the quality of life in our operating communities. Over the years, the company has provided assistance, either directly or financially, to thousands of educational, cultural, sport and community service organizations. We try to be more than just a good neighbor.

This support has taken many forms, such as our recent $1,000,000 donation to the Sudbury Science Centre, pictured above, which our President, H.T. Berry, predicted "will provide a unique learning experience for all residents of Northern Ontario and visitors from afar:" and our large donations to the Sudbury General Hospital's CAT Scanner campaign, and the Memorial Hospital's Critical Care Unit. These benefit North Eastern Ontario as a whole.

Then there is the Falconbridge Lecture Series which attracts important figures from academic circles, public life, the professions, business and the arts to Sudbury for the benefit of all. The lecture series is made possible through the Falconbridge Memorial Fund which is also supported by private donations. It provides an appropriate means of honouring deceased employees and recognizes the contributions of our employees to the progress of the company.

Education

We also work closely with educators to help create an awareness of the mining industry for students. In addition, the company continues to play an active role in the development of post-secondary institutions in the north such as Laurentian University and Cambrian College in Sudbury and the School of Mines in Haileybury. The company also provides scholarships and bursaries for students to attend these and other educational institutions.

Employees

Our support does not stop there. With approximately 4,000 employees in the Sudbury area, our tax dollars and pay cheques provide a significant financial shot in the arm for the entire region. In addition, Falconbridge people are an integral part of the community and our employees give of themselves, individually as volunteers, to help make Sudbury the wonderful place it is today.

At Falconbridge, community service is not just an obligation, it's a responsibility.

FALCONBRIDGE NICKEL MINES LIMITED

Committing itself to the future
